GRYPHON™

THE NEXT GENERATION OF COIN VALIDATION

Leading the market in speed, security, and recognition, CPI delivers the next generation of coin acceptance technology

- CPI Synq™ module compatibility provides access to mobile maintenance and repair guides

- Mobile device connectivity, paired with Simplifi™ mobile app, reduces at-machine service time by up to 50%

- Three motors deliver faster payout and increased reliability

- Proprietary sensing technology delivers industry leading fraud protection and future-proofed operation

- Enhanced configuration options allow 12% more capacity for more payout flexibility and fewer change-fill visits

- USB connection ensures seamless upgrades and data retrieval, reducing at-machine upgrade time by up to 80%

Pair the Gryphon coin changer with the CPI Synq module for a fully-connected solution.

Gryphon Coin Changer
